

**Course Outline**

Pupils are required to successfully complete **four** unit assessments as follows:

**Practical Woodworking: Flat-frame Construction (National 4)**

This Unit helps learners develop skills in the use of woodworking tools and in the preparation and production of basic flat-frame woodworking joints and assemblies. Learners will learn to read and follow simple woodworking drawings or diagrams.

**Practical Woodworking: Carcase Construction (National 4)**

This Unit helps learners develop skills in the preparation and production of basic woodworking joints and assemblies suitable for use in carcase construction. This may include working with manufactured board or with frames and panels. The Unit includes the use of simple working drawings or diagrams.

**Practical Woodworking: Machining and Finishing (National 4)**

This Unit helps learners develop skills in using common machine and power tools. It also helps learners develop skills in a variety of simple woodworking surface preparations and finishing techniques.

**Added Value Unit: Making a Finished Product from Wood (National 4)**

This Unit requires learners to draw on and extend their range of practical woodworking experiences and skills in order to produce an effective overall response to the task. The practical activity will be sufficiently open and flexible to allow for personalisation and choice.
